York County Science & Engineering Fair

Directly after our St. Francis Xavier Catholic School Science and Engineering Fair ended in November, 16 students decided to continue to improve their projects and enter them into the York County Science and Engineering Fair (In years past, we have been participating in the Capital Area Science and Engineering Fair, but due to county reassignments, we are now a part of YCSEF). Our students worked after school to continue research and improve upon their projects. On March 4th, they traveled to Penn State York to set up their displays. They returned on Monday, March 6th to compete with other York and Adams County 7th-9th graders in the junior division of the fair. Our three first place winners returned yet again on Tuesday, March 7th to compete for Grand Champion. On Wednesday evening, we all returned a final time to Penn State York to view all junior and senior projects at an open house and then attend an awards ceremony at the Pullo Family Performing Arts Center. There were a total of 132 junior division projects from St. Francis, Delone Catholic, Bermudian Springs, Central York, Dallastown, Red Lion, York Catholic, and York Suburban.

Mrs. Woods would like to congratulate each student for putting so much time and energy into their projects. The students represented St. Francis very well and hopefully made some new friends as well. The life skills of organization, time management, patience, perseverance, and communication gained through this process will take the students far in life! We know our students will do great things! Mrs. Woods would also like to thank the parents for allowing the children to spend so much extra time working and for our parent drivers who helped transport the students to and from York (and at times help feed them!) Mr. and Mrs. Brainard, Mrs. Malesky, Mrs. Marchak, Mr. Norris, Mrs. Parr, Mr. and Mrs. Kotlinski. These competitions would not be possible without the dedicated support from our wonderful parents!

Belief Statements

WE BELIEVE...

...that the Creator has made parents the primary educators of their children, and that our school works in partnership with them.

...that St. Francis Xavier Catholic School shares the Church's mission to pass on the Gospel values by example and instruction.

...that all children can learn and should experience success.

...that education helps students discover their talents and equips them to achieve their highest potential.

...that parents, teachers, and students recognize that higher expectations yield higher achievements.

...that the appreciation for learning is taught by example.

...that Catholic education promotes the formation of positive personal values.

...that children have the right to learn in a safe environment.

...that self-esteem is important for success in life.
